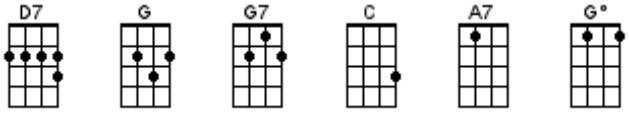
Your Cheatin' Heart 47 - Hank Williams



```
       D7        G       G7                C
Your cheatin' heart will make you weep
                 D7                G
You'll cry and cry and try to sleep
                   G      G7                  C
But sleep won't come the whole night through
                 D7                  G
Your cheatin' heart will tell on you.

Chorus
        tacet                  C                     G
        When tears come down like falling rain
                       A7                     D       D7
        You'll toss around and call my name
                          G                  C
        You'll walk the floor the way I do
                         D                   G
        Your cheatin' heart will tell on you.

       D7        G       G7                 C
Your cheatin' heart will pine some day
                 D7                  G
and crave the love you threw away
                G       G7                 C
The time will come when you'll be blue
                 D7                  G
Your cheatin' heart will tell on you.

        - Chorus -
```
