# When The Sun Goes Down

Key of G

Kenny Chesney

G C D7
Sun tanned toes ticklin the sand
G C D7
Cold drank chillin' in my right hand
G C D7
Watchin' you sleep in the evenin' light
G D7 G
Restin' up for a long long night

**Chorus:**
G
Cause when the sun goes down
C
We'll be grovin'
G D7
When the sun goes down, we'll be feelin' alright
G C
When the sun sinks down, over the water
G D7 G
Every thing gets hotter when the sun goes down

All day long just taki' it easy
Layin' in a hamock were its nice and breezy
Sleepin' off the night before, cause when the goes down we'll be back for more

**Chorus:**

This old guitar and my dark sun glasses
This sweet concoction is as smooth as molasses
Nothin' to do, but breath all day,
Until that big moon rises and its time to play
Chorus:2x
