

Orientation Page for Beginning Mentorship Program
August 24, 2017

Welcome to the Sun City Ukulele Club! We hope you enjoy playing your ukulele and that it brings you joy each time you play. Have Fun!!!

What is the Mentorship Program? It is a step-by-step program designed to provide the beginning student with the basics of understanding the ukulele.

Our website is: **scukes.org**

Please go to the website and print out the following before you come to class:

- Go to the Education tab.
- Press the Mentorship tab.
- Press “Mentorship Program” and print out those pages.
- Press “Handouts” and print out those pages.
- Please put all your pages into a 3-ring binder. Keep them in order and have them ready at the beginning of each class. This is your “textbook” for the class.

The following page is the “Purchasing your First Ukulele” sheet. This should help you find the perfect ukulele for yourself.

You will need a tuner, strap and stand. Go to the website and under the Resources tab, and you will find information about the tuner and stand. Out luthier, Jean Anderson, will put strap buttons on for you at a very reasonable price and you can purchase the strap of your choice. Jean can also put strings on for you or change strings when desired.

We will begin class promptly at 1:30. **Always check the calendar for dates for class and watch for emails because sometimes we must make changes.**
