

Rainbow Stew

- Merle Haggard

G C G
There's a big brown cloud in the city, And the countryside's a sin
C G D7
And the price of life is too high to give up, Gotta come down again

G D7 G
When the world wide war is over and done
C
And the dream of peace comes true

G D7 G
We'll all be drinking that free Bubble Up, Eating that rainbow stew

C G
When they find out how to burn water, And the gasoline car is gone
C G D7
When an airplane flies without any fuel, And the sun light heats our home

G D7 G
One of these days when the air clears up
C
And the sun comes shining through

G D7 G
We'll all be drinking that free Bubble Up, And eating that rainbow stew

C G
Eating rainbow stew in a silver spoon, Underneath that sky of blue
C G D7 G
All be drinking that free Bubble Up, And eating that rainbow stew

C G
You don't have to get high to get happy, Just think about what's in store
C G
When people start doing what they oughta be doing

D7
Then they won't be booing no more

G D7 G
When a President goes through the White House door
C
And does what he says he'll do

G D7 G
We'll all be drinking that free Bubble Up, Eating that rainbow stew

C G
Eating rainbow stew in a silver spoon, Underneath that sky of blue
C G D7 G
All be drinking that free Bubble Up, And eating that rainbow stew
