

# It Came Upon The Midnight Clear

C C 7 F            C F    C  
It came upon the midnight clear,  
          D7                    G7  
That glorious song of old,  
          C C7 F            C F C  
From angels bending near the earth,  
          D7            G7        C F C  
To touch their harps of gold:

E7                            Ami  
Peace on the earth, good will to men,'  
          D7                            G7  
From heav'n's all-gracious King.  
          C C7 F            C F C  
The world in solemn stillness lay,  
          D7            G7        C F C  
To hear the angels sing!

C C7        F            C F C  
Yet with the woes of sin and strife  
          D7                            G7  
The world has suffered long,  
C            C7 F            C F C  
Beneath the angel strain have rolled  
          D7            G7        C F C  
Two thousand years of wrong;

E7                            AM  
And man, at war with man, hears not  
          D7                            G7  
The love song which they bring:  
          C C7 F            C F C

O hush the noise, ye men of strife,

D7 G7 C F C

And hear the angels sing!
