

...and then he kissed me

The Crystals

by Jeff Barry and Ellie Greenwich
Phil Spector also received a songwriting credit

Well he walked up to me and he asked me if I wanted to dance
He looked kinda' nice, and so I said "I might take a chance"
When he danced he held me tight, and when he walked me home that night
All those stars were shining bright... and then he kissed me

Each time I saw him I couldn't wait to see him again
I wanted to let him know that he was more than a friend
I didn't know just what to do... so I whispered "I love you"
And he said that he loved me too... and then he kissed me

He kissed me in a way that I've never been kissed before
He kissed me in a way that I want to be kissed for evermore

I knew that he was mine, so I gave him all the love that I had
And one day he took me home to meet his mom and his dad
Then he asked me to be his bride, and always be right by his side
I felt so happy, I almost cried, and then he kissed me...
and then he kissed me
and then he kissed me
