

# I Can't Stop Loving You

*Ukulele Club of Santa Cruz Apr 2002 BBQ*

D7            G    G7            C  
 Those happy hours that we once knew  
                   G                    A7        D7  
 Though long a-go still make me blue  
 D7            G    G7            C  
 They say that time heals a broken heart  
                   G    D7                    G    C    G  
 But time has stood still since we've been apart

## CHORUS 1

G7            C                    G  
 I can't stop loving you so I've made up my mind  
                   D7                    G    G7  
 To live in memory of old lonesome times  
 G7            C                    G  
 I can't stop wanting you It's useless to say  
                   D7                    G    C    G  
 So I'll just live my life in dreams of yester-day

**Repeat first verse then go to chorus 2**

## CHORUS 2

G7            C                    G  
 I can't stop loving you there's no use to try  
                   D7                    G    G7  
 Pretend there's someone new I can't live a lie  
 G7            C                    G  
 I can't stop wanting you the way that I do  
                   D7                    G    C    G  
 There's only been one love for me that one love is you
