

**Title: Tequila Sunrise**

Key of C

**C**  
It's another tequila sunrise  
**G**  
Starin' slowly 'cross the  
**Dm G7** **C**  
sky, they said goodbye  
**C**  
He was just a hired hand  
**G** **Dm G7**  
Workin' on the dreams he planned to try  
**C**  
The days go by

**Am** **F**  
Ev'ry night when the sun goes down  
**Am** **F** **Am**  
Just another lonely boy in town  
**Dm** **G7**  
And she's out runnin' 'round

**C**  
She wasn't just another woman  
**G** **DmG7**  
And I couldn't keep from comin' on  
**C**  
It's been so long  
**C** **G**  
Oh, and it's a hollow feelin' when  
**Dm G7**  
It comes down to bein' friends  
**C**  
It never ends

**Dm** **G**  
Take another shot of courage  
**Em** **A** **Dm E7**  
Wonder why the right ones never come  
**Am** **D**  
You just get numb
